Fat Hippo is an independent burger restaurant specialising in the best burgers, loaded fries and more.

Born in 2010 with roots in Newcastle Upon Tyne, they're renowned for the best burgers in the UK. Recognised for their quality ingredients and quirky flavours, they're all about the good kind of gluttony.

As well as their signature beef and boneless buttermilk chicken patties, that come with free fries as standard, they've also got a carefully designed range of vegan, gluten-free and dairy-free options available. A family friendly burger joint, with a great value kids menu, all about good food and messy fingers.

Their burger restaurants live all over the UK and they **urgently require more sites** as part of their 2023/24 acquisition programme.
