After a period of consolidation and focus on improving our efficiencies and foundations for our next phase of growth, Flooring Superstore are again seeking retail/trade units in strategic locations right across the UK.

Off the back of our new Glasgow store at Great Western Retail Park (opening November 2023), we are planning a number of new acquisitions throughout 2024 to further grow our physical presence on the high street, as well as our reach as the **UK's number 1 flooring retailer**.
